

hinge 374

Patented DOUBLE SPRUNG HINGE

FOR FLAP DOOR

MEANT TO KEEP IT STEADY IN OPENING POSITION

Suitable for furniture cupboards with frame thickness of at least 17 mm, when the hinge bolster on the furniture is in horizontal position toward the shutter. It is supplied with hooks to ease up the mounting.

In addition to the coil spring the system makes use of a double leg spring, assuring 80.000 OPENING AND CLOSING CYCLES OF THE HINGE MAINTAINING THE HORIZONTAL POSITION OF THE SHUTTER WITHOUT ANY COLLAPSE (90° OPENING ANGLE)

Shutter dimensions 50x40 cm

Shutter weight 1,40 kgs. – recommended the use of 2 hinges

Shutter dimensions 70x40 cm

Shutter weight 2,00 kgs. – recommended the use of 3 hinges
